## Happy New Year NAPCRG'ers!

What an incredible year we just had! As you know, we just completed the largest NAPCRG Annual Meeting with over 1,100 attendees in Montreal. We are already planning next year's conference in Chicago, so be sure to save the dates, November 9-13. The call for papers will open in early February and close in mid-April.

Plenary videos from the 1st Annual AHRQ-sponsored International Conference on Practice Facilitation in Louisville, Kentucky are now available on the [NAPCRG website](#). Over 120 current and future practice facilitators, their mentors and leaders, and those who implement practice facilitation programs gathered for a 1.5 daylong conference featuring keynotes from practice facilitation pioneers, along with many interactive, hands-on sessions.

Be sure to log on to [NAPCRG Connect](#) and continue all of the great conversations and connections you made these meetings.

There are so many exciting things happening at NAPCRG right now, so be sure to continue reading for more details on all of these important events and projects.
