Learning Objectives: List at least 2 learning objectives using these guidelines:

• Clearly describe what you want learners to take away and implement after the session in active, measurable terms (e.g. - define, interpret, explain, apply).
• Each objective must be specific, concise, and limited to one sentence.
• Example - “On completion of this session, participants should be able to identify and describe the three primary tenets of the Patient Self-Efficacy Model.”

First Objective: On completion of this session the participants should be able to... *(Character limit including spaces: 300)

Second Objective: On completion of this session the participants should be able to... *(Character limit including spaces: 300)

Third Objective: On completion of this session the participants should be able to... (Character limit including spaces: 300)

RELEVANCE STATEMENT: (In layman's terms, describe the relevance or "take home message" of this session to a patient, community member, or non-researcher) *(Character limit including spaces: 1500)
